Land Donation

July 16, 2020

I have submitted the negotiated agreement which would accept the land donation listed in the attached document. This agreement would bring additional recreational opportunities to Seabrook via the donation, with the potential for some additional water resources. This agreement is the result of the work of Attorney Pasay on behalf of the Town, and has been vetted by him. It allows for a due diligence period, and comes with no expense for land acquisition.
