**Casella Request**

**February 25, 2021**

The Casella company has submitted a request, through Superintendent Slayton, for Board support for a landfill project in another community. It would be unusual for the Board to sign a support letter for a project in another community. This project has managed to generate a bill, HB 177, that would make the siting more difficult for the company. Casella is a vendor with the Seabrook Wastewater Department. I have attached HB 177.
