

From John Butler

I tried to contact the Board of Selectmen to make my wishes known for the upcoming meeting on Monday 3/15/21-but I did not see anyway to contact them by mail.

I am a seasonal resident at Meadowstone on Rt 386.

We pay real estate taxes to the town and utilize few services. We do however ,expect to be able to go to the beach. For many elderly it is too long a walk to the beach carry chairs etc.

While we were disappointed with the Board of Selectmen's decision not to issue placards last summer(considering the number of rental cottages I saw with 6-8 cars parked and many people) it was somewhat understandable.

This year is a different story. Most of us have already recieved both vaccinations or will prior to the 1st of May, and see no reason we should be excluded from having the ability to park at the beach. I hope there are no excuses this summer. Thanks.
