11:00AM

Mrs. Brown opened the meeting at 11:05AM.

Mrs. Kyle gave heartfelt prayers to the friends and family of the military families for those who were killed in Afghanistan.

SETTLEMENT AGREEMENT - FAIRPOINT

Mr. Manzi explained this is from Attorney Maher who represented the town during these negotiations. This is an abatement based on the value and tax ability on certain utility assets such as telephone poles. They took many communities to court fighting this valuation so Seabrook will get some tax money just not as much as originally assessed. Ms. Silva said from 2011-18 \$127K plus interest will be abated.

MOTION: Ella M. Brown To approve the Fairpoint

The second trash run at the beach will be ending. Mr. Manzi said he is not sure of the date but will confirm and update the website with the information. The traffic flow will also change and will be updated on the website.

Mrs. Kyle asked about the dump trucks having catchers for the liquids. Mr. Manzi said this has been an issue for a few years and the compactor does compact the trash and it turns into a liquid even though you wouldn't think so. He will look into this again with Mr. Starkey for some sort of solution.

Mr. Khan said Pine Street is having issues with losing small limbs from trees during storms and they were overlooked by Until for trimming. He would ask the board to send a letter to Until asking for them to come out and reassess and cutback where they can. There was discussion on who is responsible for tree limbs when they overhang onto your property.

Next meeting is September 20 at 10:30AM.
