
Town of Seabrook

Memorandum

To: Board of Selectmen

From: Town Manager

CC: Kelly O'Connor

Fees

July 13, 2023

I have requested, per the July 10 Board meeting, the Departments to submit memos on fees associated with their departments. I have attached new submissions from:

1. Inspectional
2. Water/Sewer
3. Recreation

I have resubmitted my memos on DPW fees, and attached the raw data submitted by Mr. Starkey. Please accept my memos on transfer station fees and cemetery fees as the departmental requests.

Water and Sewer data, as of this writing, is not in but should be shortly. It is our intent to run models of what some average homes would see by way of the new pricing, and that data will not be available until your next meeting.
