MAINTENANCE

Maintenance of the building has been going well. We have had to repair some HVAC related issues. We currently are awaiting quotes for our water heater replacement. Daily cleaning is an ongoing task and has been going really great. We work together as a team to make sure that the building is properly cleaned and sanitary for all; employees & patrons. I do have a few key staff on board that will go above and beyond with helping out to make sure things are taken care of and clean.

We have an incredible Night Crew who makes sure the building is ready to open the next day. A lot of hard work goes on after 6pm when we are closed.

There are some minor repair projects of items within the building that our Full Time Custodian has been taking care of on top of trying to keep the outside grounds maintained.

FUTURE FIXES

Our oven will need to be replaced, it is also 30+ years old. It works, but cooks unevenly.

Water Heater needs to be replaced

AC Unit will need to be replaced above multi rooms

Tennis/Pickleball Court will need to be resurfaced
