MAINTENANCE

Maintenance of the building is still going well. We have completed some HVAC repairs. We are looking forward to our water heater & air conditioning replacement via ARPA Funding. Daily cleaning is an ongoing task and has been going really great. We work together as a team to make sure that the building is properly cleaned and sanitary for all; employees & patrons. Our daytime custodian is doing great and he goes above and beyond with helping out to make sure things are taken care of and clean.

We have an incredible Night Crew who makes sure the building is ready to open the next day. A lot of hard work goes on after 6pm when we are closed.

Our Full Time Custodian has been doing his daily duties on top of extra tasks that are sent his way. He makes sure that with the snow, that our walkways are taken care of and everything is salted for safety.
