Re: Surplus 2012 Ford F250

I recommend the Sewer department's 2012 Ford F250 serial #1FDBF2B62CEC31313 with 85,000 miles be deemed surplus property and transferred to the Town of Seabrooks DPW according to the Town of Seabrook's purchasing policy of 2014. The DPW Director has inspected the vehicle and has requested that it be transferred to them. This vehicle is a 4-wheel drive with a 7.5-foot plow.

Thank you for your consideration in this matter.

Sincerely,

Curtis Slayton
Water & Sewer Superintendent
