Gun Range Lease Amended

October 17, 2024

Please find attached the gun range lease as amended. I would draw your attention to Section 9 (B) has been amended as requested, with the Kensington tax payment obligation starting in FY 2026. The balance of 9B has been "struck through" by me as it does not apply. If you approve of the new language and the strike through I will forward to the Gun Range Committee.
