MAINTENANCE

Maintenance of the building has been going well. We have had to repair some HVAC related issues. Daily maintenance and cleaning is an ongoing task and has been going great. We work together as a team to make sure that the building is properly cleaned and sanitary for all; employees & patrons. I do have a few key staff on board that will go above and beyond with helping out to make sure things are taken care of and clean.

We have an incredible Night Employee who makes sure the building is ready to open the next day. A lot of hard work goes on after 6pm when we are closed.

We have repaired our parking lot light control mechanism and have restored all of our track lighting in the gymnasium.

Our Camera System has been upgraded and installed. We are just waiting on Monitors and access control

FUTURE FIXES

We are looking to upgrade the kitchen as a whole. Our oven will need to be replaced, it is also 30+ years old. Parts of it work, but cooks unevenly.

Tennis/Pickleball Courts

Locker room Conversion

TRAINING PLANS/UPDATES

All Staff Training; January 17th, 2025

- DISC and driving forces - How and why of our style
- Conflict Management in the workplace
