## ***Report of The Fire Department***

Date: March 17, 2025

To: The Board of Selectmen  
and William Manzi, Town Manager

Prepared By: William J Edwards, Fire Chief

Hello,

Happy St. Patrick's Day! Congratulations to all of the newly elected and re-elected candidates from last Tuesday Voting. We wanted to thank the residents of Seabrook for their support and making their way out to vote. We will begin the process of purchasing new air packs through the capital reserve fund in the coming months.

On Friday March 14th, we swore in New Fire Capt. Mark Potvin. Mark has been with the department for over 20 years and has served as the union president the last year or so. We wanted to congratulate Mark on his promotion, we know he will do a great job leading his shift and this department going forward.

Engine 3 is now in service and on the road operating as our first run truck! We completed the in service training a few weeks ago and had been working with the vendor to work out any bugs prior to the engine being placed in service. We wanted to again thank the votes who supported this purchase, as it was a much needed piece of equipment for our dept.

We are in the process of hiring to fill the two vacant spots in our department. We hope by next meeting to have made our selections and the new firefighters be working on the floor.
