

Seabrook Water Department

PO Box 456
Seabrook, NH 0387
(603)-474-9921

MEMORANDUM

To: William Manzi III; Town Manager

From: Curtis Slayton; Water & Sewer Superintendent,

Date: April 16, 2025

Subject: Recommendation for removing water restrictions

It is the recommendation of the Water & Sewer Superintendent and the Water Departments Chief Operator the water restrictions be removed at this time. The ground water level has recovered, but we may need to revisit this issue if the dry weather returns.

Curtis Slayton; Water & Sewer Superintendent

April 9, 2025

To Whom it Concern,

According to the Groundwater Management Plan, (GWMP) that Seabrook maintains, I, George M. Eaton, request that all bans, voluntary or mandatory, be removed. In the future we could be revisiting this issue, as from Feb. 2024 through Feb. 2025 Seabrook is still down a total of 20 inches of rain.

George M. Eaton
Chief Operator
Seabrook, N.H. Water Dept.
