MAINTENANCE

Maintenance of the building has been going really well. We continue to work as a team to make sure that the sanitizing and daily cleaning is complete and safe for employees and patrons utilizing the facility.

Our new full time employee has been a huge asset to the rec. center, exceeding expectations weekly. The building is very clean on the inside, set-ups and breakdowns are completed daily and extra tasks are being worked on as requested.

We are currently hiring for a night employee who can make sure that the building is ready to open the next day. A lot of hard work goes on after 9pm when we are closed. I am hoping to have the hiring completed by 4/25

Our camera system has been upgraded and installed. We are just waiting on monitors to be installed to be able to view the cameras easier.

The outdoor grounds have been a challenge for our full-time custodian as he has a lot on his plate already. The playground is near complete to open for the season, we are awaiting a wood chip order. Once wood chips are here and spread throughout the playground, it will be open! Next on outdoor tasks is preparing the outdoor courts for opening.

We are happy to announce that our kitchen project is complete.

TRAINING PLANS/UPDATES

Summer Camp Training

- CPR/1st Aid/AED
- CRASE
- More TBD
