The Sewer CIP

The 2026-2032 Sewer CIP has been provided through the main CIP book. This overview will concentrate on 2026 only. The Sewer Department, for 2026, has made no requests for additional capital spending. There will be major investment required on the pump stations starting in 2027. That is covered in the main CIP book. For the 2026 warrant there are no requested articles.
