## Memorandum

To: Board of Selectmen

From: Town Manager

CC: Kelly O'Connor

Warrant Tax Impacts

October 1, 2025

I have submitted a new draft of the 2026 warrant. In addition to that document I have submitted the tax impacts of that warrant for 2026 broken down by Department. That impact, as it stands now, is \$2,123,953. The warrant contains placeholder articles for the Town budget, as well as the water budget and the sewer budget. I have included three placeholder slots for the Planning Board. I have included a separate sheet for the 15 human service articles, which total \$129,003. The difference between this warrant and the last is the addition of the Child Advocacy Center human service request of \$2500.
