MAINTENANCE

Maintenance of the building has been going very well. Tristan is doing an outstanding job keeping up with the interior cleaning, repairing, maintaining, and handling daily set-ups and breakdowns for programming needs.

He has also been tending to the exterior, preparing for everything that fall requires.

Tristan continues to be a huge asset to the Recreation Center, consistently exceeding expectations. Not only is the building well-maintained, but requests are also being completed promptly and effectively.

We are currently hiring for a night employee to ensure the building is ready to open each morning. A great deal of work takes place after 9:00 p.m., once we are closed, and it has been a challenge to find someone for this important role.

Additionally, our camera system has been upgraded and installed. We are now awaiting monitor installation, which will make it easier to view and manage the security feeds.

TRAINING PLANS/UPDATES

- Project Adventure Training - The Playful Path
- Child Care Aware of NH (Mini Conferences)
 - Encouraging Intentional Indoor and Outdoor Movement During Play for all ages
 - Nature Based Play
 - Connection & Presence: The Behavior Game Changers
 - Child Directed Play (Preschool)

PROJECTS ON THE HORIZON

Tennis/Pickleball Courts

Locker room Conversion

Modine Heater
